## **General Motors of Canada Company's Commitment to You**

We are committed to ensuring an excellent ownership experience with your new vehicle.

Your GM dealer also wants you to be completely satisfied and invites you to return for all your service needs, both during and after the warranty period.

## 2 Warranty Coverage at a Glance

The warranty coverages are summarized below.

### New Vehicle Limited Warranty

New Vehicle Limited Warranty for BrightDrop				
Coverage	3 yrs/ 60,000 km <sup>1</sup>	6 yrs/ 120,000 km <sup>1</sup>	6 yrs/ 160,000 km <sup>1</sup>	8 yrs/ 160,000 km <sup>1</sup>
Base Warranty Coverage	X			
Electric Vehicle Propulsion Battery Warranty				X
Restraint System Warranty		X		
Sheet Metal (Corrosion) Warranty Coverage	X			
Sheet Metal (Rust-Through) Perforation Warranty Coverage			X	
<sup>1</sup> <i>Whichever comes first.</i>				

General Motors of Canada will provide for repairs to the vehicle during the warranty period in accordance with the following terms, conditions, and limitations.

## What Is Covered

### Warranty Applies

This warranty is for BrightDrop vehicles registered in Canada and normally operated in Canada and is provided to the original and any subsequent owners of the vehicle during the warranty period.

### Repairs Covered

The warranty covers repairs to correct any vehicle defect related to materials or workmanship occurring during the warranty period, excluding slight noise, vibrations, or other normal characteristics of the vehicle. Needed repairs will be performed using new, remanufactured, or refurbished parts.

### No Charge

Warranty repairs, including parts and labor, will be made at no charge.

### Obtaining Repairs

To obtain warranty repairs, take the vehicle to a BrightDrop dealer or authorized service station within the warranty period and request the needed repairs. It is your responsibility to transport the vehicle to a BrightDrop dealer or authorized service station. In addition to the time required for transporting the vehicle, reasonable time must be allowed for the authorized dealer or service station to perform necessary repairs.

### Warranty Period

The warranty period for all coverages begins on the date the vehicle is first delivered or put in use and ends at the expiration of the applicable Coverage Period specified in this booklet. In certain circumstances, and if arranged before the vehicle is first purchased, General Motors of Canada Company may authorize the warranty to start on a date after the vehicle delivery date.

### Base Coverage

The complete vehicle is covered for 3 years or 60,000 kilometres, whichever comes first, except for other coverages listed here under

“What Is Covered” and those items listed under “What Is Not Covered” later in this section.

### Restraint Systems Warranty

Provides repair or replacement needed to correct defects in materials or workmanship of any seat belt or airbag system, supplied by General Motors. Coverage is for 6 years or 120,000 kilometres, whichever comes first. This warranty is subject to the exceptions indicated in the “What Is Not Covered” section or cosmetic appearance defects such as color fade.

### Electric Vehicle Propulsion Battery Warranty

For vehicles sold in Canada, in addition to the Base Coverage described previously, General Motors of Canada Company will warrant defects related to materials or workmanship to the propulsion battery pack and its internal components for 8 years or 160,000 kilometres, whichever comes first, from the first date the vehicle is first delivered or put in use.

This warranty is for electric vehicles registered and normally operated in Canada. In addition to the initial owner of the vehicle,

the coverage described in this Electric Vehicle Propulsion Battery Warranty is transferable at no cost to any subsequent person(s) who assumes ownership of the vehicle within the 8 years or 160,000 kilometres term. No deductibles are associated with this warranty.

This warranty is in addition to the express conditions and warranties described previously. The coverage and benefits described under "New Vehicle Limited Warranty" are not extended or altered because of this Electric Vehicle Propulsion Battery Warranty.

#### **Battery Capacity Coverage**

Like all batteries, the amount of energy that the high voltage propulsion battery can store will decrease with time and miles driven. The battery will be replaced/repared if the capacity falls below 75% of its original value during the warranty period, as determined by a certified dealer, with a battery appropriate for the age and mileage of the vehicle.

#### **Propulsion Battery Service**

General Motors of Canada Company has EV authorized dealers who are trained to perform repairs on electric vehicle battery

packs. If the Propulsion Battery requires service due to a defect in materials or workmanship, General Motors of Canada Company will either repair or replace the Propulsion Battery with new or refurbished components at General Motors of Canada Company's discretion.

#### **Sheet Metal Coverage**

Body sheet metal panels are covered against corrosion and rust-through as follows:

**Surface Corrosion:** Body sheet metal panels are covered against rust for 3 years or 60,000 kilometres, whichever comes first.

**Important:** Surface rust resulting from accidents, stone chips or scratches in the paint is not included in sheet metal coverage.

**Rust-Through Corrosion:** Any body sheet metal panel that rusts through — that develop an actual hole in the sheet metal — is covered for up to 6 years or 160,000 kilometres, whichever comes first.

**Important:** Your vehicle was designed and built to resist corrosion. Application of additional rust inhibiting materials is neither necessary nor required under the Sheet Metal Coverage. This coverage only applies to the body sheet metal panels and

not to other metal components. General Motors of Canada Company makes no recommendations concerning the usefulness or value of such products. Application of after manufacture rust proofing products may create an environment which reduces the corrosion resistance built into your vehicle. Repairs to correct damage caused by such applications are not covered under your New Vehicle Limited Warranty.

#### **Tire Coverage**

The tires supplied with your vehicle are covered by General Motors of Canada Company against defects in material or workmanship under the base warranty coverage. Wear-out is not considered a defect, and it may occur before the vehicle warranty expires. In this case, the owner is responsible to purchase replacement tires, or seek coverage solely from the tire manufacturer. For vehicles within the base warranty coverage, defective tires will be replaced on a prorated adjustment basis according to the following mileage-based schedule:

**Tire Pro-Rate Chart**

<b>Distance (km) (within 3 years of warranty start date)</b>	<b>Percentage Covered by General Motors (Tire Cost)</b>	<b>Percentage Covered by General Motors (Labour – Mount/Balance)</b>
0-19,000	100%	100%
19,001-24,000	60%	100%
24,001-32,000	50%	100%
32,001-40,000	40%	100%
40,001-48,000	30%	100%
48,001-60,000	20%	100%
60,001 +	0%	0%

This schedule applies to the price of the tires only. General Motors of Canada Company will cover 100% of the cost to mount and balance the tires replaced under warranty for the full base warranty period.

After your Base Warranty expires, you may still have prorated warranty coverage on your original equipment tires by the tire manufacturer. Contact your BrightDrop dealer or the tire manufacturer of the brand of tires on your vehicle for more information. The following is a list of current tire manufacturer's websites and toll-free customer assistance numbers.

### Tire Companies

Company	Website	Toll-Free Number

Maxxis	<a href="http://www.maxxiscanada.com">www.maxxiscanada.com</a>	1-905-789-0882

When a tire is removed from service due to a covered warranty condition under a tire manufacturer's limited warranty program, you may be eligible for a tire replacement or a comparable new tire on a prorated basis.

The tire manufacturer's limited warranty program, which can be obtained by calling or visiting the tire manufacturer's website or any authorized GM dealer, is in lieu of all other remedies or warranties, expressed or implied, arising by law or otherwise, including fitness for a particular purpose or merchantability. The tire manufacturers expressly disclaim liability for indirect, special, incidental, or consequential damages, lost profit, loss of business, loss of goodwill, loss of reputation, punitive or any other damage, cost, or loss of any kind.

### Accessory Coverages

Most General Motors parts and accessories sold and permanently installed on a BrightDrop vehicle by a BrightDrop Dealer prior to delivery will be covered under the applicable portion of the New Vehicle Limited Warranty. In the event General Motors accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be

covered, parts and labor, for the balance of the applicable portion of the New Vehicle Limited Warranty, but in no event less than 12 months/unlimited kilometres from the date of installation or replacement.

General Motors accessories sold over the counter, or those not requiring installation, will receive the standard General Motors Dealer Accessory Warranty of 12 months from the date of purchase, parts only.

GM Licensed and Integrated Business Partner (IBP) Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by General Motors or its dealers.

### Caution

This warranty excludes:

Any communications device that becomes unusable or unable to function as intended due to unavailability of compatible wireless service or GPS satellite signals.

## What Is Not Covered

### Tire and Wheel Damage or Wear

Normal tire wear or wear-out is not covered. Tire wear is influenced by many variables such as road conditions, driving styles, vehicle weight, and tire construction. Uniform tire wear is a normal condition, and is not considered a defect. Road hazard damage such as punctures, cuts, snags, and breaks resulting from pothole impact, curb impact, or from other objects is not covered. Tire wear due to misalignment beyond the warranty period is not covered. Also, damage from improper inflation, overloading, spinning, as when stuck in mud or snow, tire chains, racing, improper mounting or dismounting, misuse, negligence, alteration, improper repair, accident, collision, fire, vandalism, or misapplication is not covered. Damage to wheels or tire sidewalls caused by automatic car washes or cleaning agents is not covered.

### Damage Due to Accident, Misuse, or Alteration

The New Vehicle Limited Warranty does not cover damage caused as the result of any of the following:

- Collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle
- Misuse of the vehicle such as driving over curbs, overloading, racing, or other competition. Proper vehicle use is discussed in the owner manual.
- Alteration, modification, or tampering to the vehicle, including, but not limited to the body, chassis, software, or other components after final assembly by General Motors.
- Coverages do not apply if the odometer has been disconnected, its reading has been altered, or mileage cannot be determined.
- Installation of non-General Motors parts
- Water or fluid contamination
- Damage resulting from hail, floods, windstorms, lightning, and other environmental conditions
- Alteration of glass parts by application of tinting films

**Important:** This warranty is void on vehicles currently or previously titled as salvaged, scrapped, junked, or otherwise considered a total loss.

#### **Damage or Corrosion Due to Environment, Chemical Treatments, or Aftermarket Products**

Damage caused by airborne fallout, rail dust, salt from sea air, salt or other materials used to control road conditions, chemicals, tree sap, stones, hail, earthquake, water or flood, windstorm, lightning, the application of chemicals or sealants subsequent to manufacture, etc., is not covered. See “Chemical Paint Spotting” under *Things to Know About the New Vehicle Limited Warranty* ⇨ 11.

#### **Damage Due to Impact, Use, or the Environment**

Windshield or glass cracks, chips, or scratches due to impact are not covered. Windshield cracks will be covered for the first 12 months, regardless of mileage if caused by defects in material or workmanship.

Lights, lenses, mirrors, polycarbonate roof panels, paint, grille, moldings and trim are not covered for cracks, chips, scratches, dents, dings, and punctures or tears as a result of impact with other objects or road hazards. In addition, cracks, chips, scratches, or other damage to the face of a radio or instrument cluster from impact or foreign objects are not covered.

#### **Third Party Externally Connected Electrical Products**

This warranty does not apply to hardware or software of a third party device that is connected to the vehicle or its components, even if integrated or delivered with the vehicle. GM is not responsible for the quality or accuracy of any information, or service accessed through or from any third party device or platform. Software distributed by General Motors or its affiliates inside or outside the vehicle (including, but not limited to system software or applications) is not covered by this Warranty. GM does not warrant that connections to, from or through the vehicle will be uninterrupted or error-free. Also, the user should back-up their data and information frequently. GM is not responsible for any loss or damage to data or information

made available in connection with the use of the vehicle. In addition, this Warranty does not apply: (a) to consumable parts that are designed to diminish over time, unless failure has occurred due to a defect in materials or workmanship; (b) to damage caused by use with another product or service; (c) to damage caused by a third party device or service (including upgrades and expansions), or (d) to obsolescence or lack of utility due to incompatibility with future versions of external hardware or software, including, but not limited to mobile devices.

### **Maintenance**

All vehicles require periodic maintenance. Maintenance services, such as those detailed in the owner manual are the owner's expense. Vehicle lubrication, cleaning, or polishing are not covered. Failure of or damage to components requiring replacement or repair due to vehicle use, wear, exposure, or lack of maintenance is not covered.

### **Damage Due to Insufficient or Improper Maintenance**

Damage caused by failure to follow the recommended maintenance schedule intervals and/or failure to use or maintain proper fluids, or maintain fluids between recommended maintenance intervals, lubricants, or refrigerants recommended in the owner manual is not covered.

Items such as:

- Brake Pads/Linings
- Coolants and Fluids
- Filters
- Tire Rotation
- Wheel Alignment/Balance
- Wiper Inserts

are covered by the New Vehicle Limited Warranty for up to 12,000 kilometres; any replacement after 12,000 kilometres is considered maintenance and is not covered as part of the New Vehicle Limited Warranty. Keyless Entry batteries (or other remote transmitter/receiver batteries) and exterior incandescent bulbs are covered for up to 12 months only; any replacement after 12 months is considered maintenance and is not

covered as part of the New Vehicle Limited Warranty. The New Vehicle Limited Warranty only covers components when replacement or repair of these components is the result of a defect in material or workmanship.

### **Extra Expenses**

Economic loss or extra expense is not covered.

Examples include:

- Inconvenience
- Lodging, meals, or other travel costs
- Loss of vehicle use
- Payment for loss of time or pay
- Storage

**General Terms:** The express warranties in this booklet give you specific legal rights. You may have different rights which may vary from province to province according to applicable legislation.

**TO THE FULL EXTENT PERMITTED BY APPLICABLE CANADIAN LAW:** The foregoing express written warranties are the only and the entire warranties provided with your new vehicle (unless extended warranties are purchased separately) and are in lieu of and exclude all other representations,

warranties or conditions, express or implied (including any implied warranty or condition of merchantability or fitness for a particular purpose).

The performance of repairs and the provision of replacement parts, as described herein, is the exclusive remedy under these express written warranties or under any otherwise applicable implied warranty or condition. The New Vehicle Limited Warranty has no cash value.

Any applicable implied warranty or condition that cannot be disclaimed or excluded is limited in duration to the periods specified in the express written warranties in this booklet.

GM DOES NOT AUTHORIZE ANY PERSON TO CREATE FOR IT ANY OTHER OBLIGATIONS or liability in connection with GM products and no person is permitted to extend or enlarge this warranty on behalf of GM by written, verbal or other representation, and if made such representation or warranty will not be enforceable against GM.

DISCLAIMER OF LIABILITY: Except as provided in the express written warranties in this booklet, GM Canada will not be liable in contract, tort or otherwise for any direct,

indirect, economic, commercial, incidental, consequential, or special loss or damage or expense or claim, howsoever caused, arising in connection with the sale, use, loss of use, performance or non-performance of the subject vehicle or part thereof.

NOTICE REGARDING LIMITATIONS: The terms contained in this limited warranty are not intended to limit or otherwise modify or exclude any warranty that by law cannot be limited, disclaimed or excluded. When and to the extent that any applicable Canadian law prohibits in a particular situation, any term contained in this warranty, such term will be considered severable and deemed deleted from this warranty in that situation.

GM does not authorize any person to create for it any other obligation or liability in connection with these vehicles. **Any implied warranty of merchantability or fitness for a particular purpose applicable to this vehicle is limited in duration to the duration of this written warranty. Performance of repairs and needed adjustments is the exclusive remedy under this written warranty or any implied warranty. GM shall not be liable for incidental or consequential damages, such**

**as, but not limited to, lost wages or vehicle rental expenses, resulting from breach of this written warranty or any implied warranty.\***

## Warranty Repairs – Component Exchanges

In the interest of customer satisfaction, General Motors of Canada Company may offer exchange service on some vehicle components. This service is intended to reduce the amount of time your vehicle is not available for use due to repairs. Components used in exchange are service replacement parts that may be new, remanufactured, or refurbished.

Remanufactured parts meet GM approved service part requirements and are made from previously used components in a process that involves disassembly, inspection, cleaning, update of software and replacement of parts as appropriate, testing and reassembly.

Refurbished parts meet GM approved service part requirements and are previously used parts that are inspected, cleaned, tested, and repackaged.

All exchange components used meet GM standards and are warranted the same as new components. Examples of the types of components that might be serviced in this fashion includes, but is not limited to:

instrument cluster assemblies, infotainment systems, cameras, batteries, and control modules.

## Warranty Repairs – Recycled Materials

Both Environment Canada and General Motors support the capture, purification, and reuse of automotive air conditioning refrigerant gases and coolant. As a result, any repairs General Motors may make to your vehicle may involve the installation of purified reclaimed refrigerant and coolant.

## Tire Service

Any authorized BrightDrop dealer or tire dealer for your brand of tires can assist you with tire service.

## Aftermarket Vehicle Propulsion Enhancement Products and Modifications

Some aftermarket vehicle propulsion products and modifications promise a way to increase the horsepower and torque levels of your vehicle. You should be aware

that these products may have detrimental effects on the performance and life of the propulsion system. The vehicle propulsion system has been designed and built to offer industry leading durability and performance. Vehicle propulsion enhancement products may enable the vehicle to operate at horsepower and torque levels that could damage, create failure, or reduce the life of the propulsion system. Damage, failure, or reduced life of the propulsion system or other vehicle components caused by aftermarket vehicle propulsion enhancement products or modifications may not be covered under your vehicle warranty.

## Paint, Trim, and Appearance Items

Defects in paint, trim, upholstery, or other appearance items are normally corrected during new vehicle preparation. If you find any paint or appearance concerns, advise your dealer as soon as possible. Your owner manual has instructions regarding the care of these items.

## Vehicle Operation and Care

Considering the investment you have made in your BrightDrop vehicle, we know you will want to operate and maintain it properly. We urge you to follow the maintenance instructions in your owner manual.

If you have questions on how to keep your vehicle in good working condition, see your BrightDrop dealer, the place many customers choose to have their maintenance work done. You can rely on your BrightDrop dealer to use the proper parts and repair practices.

## Maintenance and Warranty Service Records

Retain receipts covering performance of regular maintenance. These receipts and records should be transferred to each subsequent owner of this vehicle. Receipts can be very important if a question arises as to whether a malfunction is caused by a lack of maintenance or is due to a defect in material or workmanship. Repairs required due to damage resulting from lack of maintenance are not covered under your warranty. General Motors of Canada Company may, in its sole discretion, deny

a warranty claim if a failure to perform scheduled maintenance is suspected to have resulted in the failure of a warranted part. You should also be aware that General Motors of Canada Company may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance, or modifications not approved by GM.

A "Maintenance Record" is provided in the maintenance schedule section of the Owner's Manual for your convenience in recording services performed. For your records, the servicing dealer should provide a copy of the warranty repair order listing all warranty repairs performed.

## Chemical Paint Spotting

Some weather and atmospheric conditions can create a chemical fallout. Airborne pollutants can fall upon and adhere to painted surfaces on your vehicle. This damage can take two forms: blotchy, ring-shaped discolorations, and/or small irregular dark spots etched into the paint surface.

Although no defect in the factory applied paint causes this, General Motors of Canada Company will repair, at no charge to the

owner, the painted surfaces of new vehicles damaged by this fallout condition within 12 months or 20,000 kilometres of First Delivery, whichever comes first.

## Warranty Coverage – Extensions

**Distance Extensions:** Prior to delivery, some kilometres are put on your vehicle during testing at the assembly plant, during shipping, and while at the dealer facility. The dealer records this odometer reading on the first page of this warranty booklet at delivery. For eligible vehicles, this distance will be added to the distance limits of the warranty ensuring that you receive full benefit of the coverage. Warranty distance extension eligibility:

- Applies only to new vehicles held exclusively in new vehicle inventory.
- Does not apply to used vehicles, GM-owned vehicles, dealer owned used vehicles, or dealer demonstrator vehicles.
- Does not apply to vehicles with more than 1,600 kilometres on the odometer even though the vehicle may not have been registered for license plates.

## Original Equipment Alterations

This warranty does not cover any damage or failure resulting from modification or alteration to the vehicle's original equipment as manufactured or assembled by General Motors. Examples of the types of alterations that would not be covered include cutting, welding, or disconnecting of the vehicle's original equipment parts and components.

**Additionally, General Motors does not warrant non-General Motors parts, calibrations, and/or software modifications.**

The use of parts, control module calibrations, software modifications, and/or any other alterations not issued through General Motors of Canada Company will void the warranty coverage for those components that are damaged or otherwise affected by the installation of the non-General Motors part, control module calibration, software modification, and/or other alteration.

## Recreation Vehicle and Special Body or Equipment Alterations

Installations or alterations to the original equipment vehicle or chassis, as manufactured and assembled by General

Motors, are not covered by this warranty. The special body company, assembler, or equipment installer is solely responsible for warranties on the body or equipment and any alterations to any of the parts, components, systems, or assemblies installed by General Motors. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers. Examples include, but are not limited to, special body installations, such as recreational vehicles, the installation of any non-General Motors part, cutting, welding, or the disconnecting of original equipment vehicle or chassis parts and components, extension of the wheelbase, suspension and driveline modifications, and axle additions.

## Pre-Delivery Service

Defects in the mechanical, electrical, sheet metal, paint, trim, and other components of your vehicle may occur at the factory or while it is being transported to the dealer facility. Normally, any defects occurring during assembly are identified and corrected at the factory during the inspection process.

Any defects still present at the time the vehicle is delivered to you are covered by the warranty. If you find any defects, advise BrightDrop without delay.

## Production Changes

General Motors and its dealers reserve the right to make changes in vehicles built, distributed and/or sold by them at any time without incurring any obligation to make the same or similar changes on vehicles previously built, distributed and/or sold by them.

Your satisfaction is important to General Motors.

**STEP ONE: Discuss your concern with a member of dealer management.** Normally, concerns can be resolved at that level. If the concern has already been reviewed with the Sales, Service, or Parts Manager, contact the owner of the dealership or the General Manager.

**STEP TWO:** An additional resource for concern resolution is the **GM Envolve Customer Care** at [gmenvolvecustomercarecanada@gm.com](mailto:gmenvolvecustomercarecanada@gm.com).

Please have the following information available:

- The Vehicle Identification Number (VIN). This is available from the vehicle registration or title, or the plate above the top of the instrument panel on the driver side, and visible through the windshield.
- The vehicle delivery date and present mileage.

General Motors of Canada Company is proud of the protection afforded by its warranty coverages. In order to achieve maximum customer satisfaction, there may be times when General Motors of Canada Company will establish a special coverage adjustment program to pay all or part of the cost of certain repairs not covered by the warranty or to reimburse certain repair expenses you may have incurred. Check with your GM dealer, or contact GM Envolv Customer Care at [gmenvolvecustomercarecanada@gm.com](mailto:gmenvolvecustomercarecanada@gm.com) to determine whether any special coverage adjustment program is applicable to your vehicle.

When you make an inquiry, you will need to give the year, model, and mileage of your vehicle and your VIN.

To assist customers who are deaf or hard of hearing and who use Text Telephones (TTYs), General Motors of Canada Company has TTY equipment available at its Customer Care Centre in Oshawa, Ontario.

Any TTY user can communicate with GM by dialing this toll-free number:

1-800-263-3830
